

INDEX

AMERICAN JOURNAL OF NURSING

Volume 92, Numbers 1-12 Frederick W. Pattison, Indexer January-December 1992

This index is arranged in two sections, the Subject Index and the Name Index. Articles are entered under the name of the author and joint authors in the Name section and under one or more subjects in the Subject section.

News items are indexed under the names of the organizations or groups mentioned in the Subject Index as well as under the subject of the news item. All **appointments** are indexed under the subject People (department); however, appointments to state, national, international, and federal agencies may also be indexed under the specific name of the agency.

NOTE: In addition to subject headings used in **Medical Subject Headings (MeSH)**, published by the National Library of Medicine, pertinent nursing headings and updated headings in other health disciplines are used to make this index more useful and relevant.

Abbreviations used in this index are:

(CC)	Cardiac Clues	(DIP)	Dilemmas in Practice	(N)	News
(CG)	Clinical Guidelines	(DW)	Drug Watch	(PE)	Patient Education
(CM)	Critical Moments	(DWE)	Dialogues with Excellence	(PH)	The Postop Heart
